ORGANISATIONAL BACKGROUND

Future Men (FM) is a national charity, founded in 1988. The last decade has seen a dramatic expansion of policy and practice initiatives, continuing to focus our work on services for men and boys around key issues such as fatherhood, underachievement, health, employment, violence, education and relationships. The central office provides the support functions with a variety of projects based in the localities they serve. For more information, see our website, www.futuremen.org

WHAT WE DO

We are a multi-award-winning specialist charity that supports boys and men along the path to becoming dynamic future men, whilst addressing the stereotypes around masculinity and engaging in the wider conversation of what it means to be a man. Through our evidence-based and practice-led services we encourage boys and men to explore, celebrate and build on the seven characteristics that we believe contribute to positive masculinity.

Our Youth Hubs play a key part in helping young people's personal and social development. Based in Westminster, The Amberley and Churchill Gardens, provide a space for young people aged 8-19 to take part in activities such as music production, sport and games, as well as development programmes such as healthy relationships,

inclusion and diversity training. Bridging the gap between formal and non-formal education, we help young people learn about themselves, and others around them to create positive outcomes for their futures.

A better future for every boy, every man and everyone.
